

Course 200/202: _____

Lab Section Number: _____

Name (printed): _____

- This lab practical consists of 6 sets worth 16 points each; the lowest set will be dropped.
- You will have 25 minutes for each set, with an extra 10 minutes to finish any unanswered questions.
- You will be given a periodic table, a solubility chart, several tables, and an equation sheet in the back of the exam. **You may remove them from the exam to make it more accessible.**
- You may also use the designated Casio fx-300ms-plus calculator or equivalent non-programmable, non-graphing scientific calculator.
- When you are done, you need to return your package and all scratch paper to your TA.
- The only items you will need from your locker are: **safety glasses, gloves, and an apron/lab coat.**
- You are **not allowed to communicate** with other students while you work.
- Your TA will not answer questions on the substance of the experiment.
- You will be expected to observe all laboratory safety rules during the exam; including good laboratory practices. **Failure to do so will be an automatic zero.**
- All cell phones and electronic devices must be turned off and put away.
- Please remove all hats and caps. Place your books, bags, and all papers in the designated area in your lab. If the TA believes that you might be looking at your neighbor's paper, you will be asked to leave and will receive a zero for the lab practical.
- **You must sign the disclosure agreement below. Failure to do so will be an automatic zero for this lab practical**

Lab Practical scores **will be posted on Blackboard** as soon as the grading is completed. If you have any questions regarding the grading of your lab practical, please notify your lab TA.

The time available for the lab practical is 160 minutes. **At any station, if you are done, you are allowed to continue working on other sheets. Make good use of your time. Good luck!**

THE DISCLOSURE TO YOU OF THIS EXAMINATION is confidential and the questions and answers of the Exam Materials should be used only for the purpose of examination and to make this an equal opportunity to demonstrate individually the knowledge acquired by the students during the Fall 2018. For this:

- **You may not disclose the questions, nor answers, nor discuss any of the content of the exam materials with any person;**
- **You will not remove from the examination room any exam materials of any kind provided to you nor any other material related to the exam, including, without limitation, any notes or calculations;**
- **You will not copy or attempt to make copies (written, photocopied, pictures or otherwise) of any exam materials, including, without limitation, any questions, answers, or screen images;**

You will not sell or give away the questions, nor answers. Any violation of these provisions may cause an automatic zero.
